

# SHRISHTI REPORT

Respected Principal, esteemed Dean for Extra Curricular Activities, beloved Chief Guest, (Honorable Padma Shri Dr. R. Vasudevan sir), Deans, Heads of Departments, esteemed faculty members, senior faculties, department level coordinators, staff, and my fellow students, I extend a pleasant evening to all present.

It's an honor for me to present the Shrishti Report, covering the past academic year from 2022 to 2023.

The Cultural Association of TCE holds the responsibility for orchestrating various cultural events throughout the year. Shrishti Cultural Association is dedicated to unearthing the latent talents of our college students. It serves as a platform for students to exhibit their unique skills, allowing them to explore and discover their hidden potentials.

In the midst of busy academics and lots of other activities that keep our students busy, there's a shared need for breaks to relax and recharge. Providing exactly that kind of relief is the Cultural Club at TCE. It reminds us how important it is to find balance, offering a place where students can take a breather, explore their creative interests, and make connections that go beyond just studying.

Annually, this association actively encourages students from diverse courses to partake in cultural activities. Such participation not only hones personal skills but also cultivates qualities such as confidence, self-presentation, teamwork, time management, self-awareness, self-discipline, and open-mindedness to transcend boundaries and experiment with novel ideas.

In a world that's often filled with deadlines and obligations, the Cultural Club offers a much-needed space for self-expression, creativity, and building connections. So, whether you're looking to recharge or explore your artistic passions, the Cultural Club welcomes all to find solace and inspiration in its vibrant community.

Every year this association organizes the following INTRA COLLEGE CULTURAL EVENTS
